Weight change to KY 22 Bridge over the Licking River in Falmouth

After a recent bridge inspection, the Kentucky Transportation Cabinet has decided to reduce the weight limit on the KY 22/Shomakerstown Bridge that crosses over the Licking River in Falmouth, Kentucky.

The weight limit will be lowered to 3 tons for all vehicles. Signs and message boards will be installed to inform motorists of the new restriction.

Currently, a new \$6 million bridge is being constructed to replace the existing functionally obsolete steel truss bridge that was built in 1928.

The new structure will be a concrete deck on steel girders. Over 1.4 million pounds of structural steel will be used in its construction. The bridge will include four spans and, with approaches, will be 730 feet long. The new bridge will be constructed just north of the existing structure. It will have a sidewalk that will continue to the boat ramp entrance.

The weight restriction will remain in place on the old structure during construction of the new bridge. Once the project is complete, the steel truss and deck will be removed from the Shomakerstown Bridge.

The new bridge will be complete in the summer 2013.

THE COUNSEL OF KINDNESS
by Pastor Ricky Kurth

“And be ye kind one to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you” (Eph. 4:32).

While probably everyone has an idea of what it means to be kind, the precise definition of kindness might surprise you! Let's begin by seeing how the Bible defines this word, as we compare Scripture with Scripture:

In II Chronicles 10, Rehoboam had just inherited the throne of Israel upon the death of his father Solomon (9:29-31). When the people asked if he would ease the financial burden that his father had placed upon them (10:1-5), Rehoboam “took counsel with the old men that had stood before Solomon” (v. 6). These elders wisely replied,

“If thou be kind to this people, and please them, and speak good words to them, they will be thy servants for ever” (v. 7).

However, the parallel passage in I Kings 12 records their words differently:

“If thou wilt be a servant unto this people this day, and wilt serve them, and answer them, and speak good words to them, then they will be thy servants for ever” (v. 7).

Far from a discrepancy, this variation in what these men were heard to say that day is God's way of defining kindness. To be kind to a man means to be a servant to him. This agrees with Webster's definition of the word “kind”: “Disposed to do good to others, and to make them happy by granting their requests, supplying their wants...” etc.

How *important* is kindness? When Rehoboam “forsook the counsel of the old men” (I Kings 12:8), and determined to be more unkind than his father ever dreamed of being (vv. 14,15), “Israel rebelled against the house of David” (v. 19). This was the beginning of the great division in the twelve tribes of Israel, as Jeroboam led ten of the tribes in revolt away from the house of David, driving a wedge between the ten tribes of Israel and the two tribes of Judah (I Kings 12:20-33). In other words, *millions of people* were divided for a thousand years—all for the lack of a little kindness!

In closing, while *your* lack of kindness is not likely to have that kind of monumental effect in the world, *it will affect someone*. Why not rather decide *right now* to be Pauline in practice as well as in doctrine, and “*be ye kind one to another!*”

PRESBYTERIAN POTPOURRI by Les Grooms, pastor Augusta Presbyterian

We are continuing our study of second Corinthians in our Sunday morning Bible Study. There were 6 present.

We had 62 worshippers present Sunday. Joyce Gibson was the worship leader. Susie Hargett led the singing. Shelby England had children's church. Jill Hargett did the power point. Our musicians played a special.

My sermon was entitled the Good Shepherd. Jesus was being criticized by the Pharisees because of healing on the Sabbath. They could not see all of the good that he was doing; they just saw that Jesus was breaking their laws concerning what was permissible on the Sabbath.

Next Sunday we are taking in some new members. It is such a joy to see the church growing. Not only is the church growing, the church is also becoming more mission minded. We will be having a pot-luck meal after church.

There was a bridal shower in our fellowship hall for Jill Hargett at 2 p.m. Sunday. Jill and Josh White are getting married in the near future.

Friday night we will have our annual Mother's Day meal.

Do not forget about our monthly bread basket meal on May 9.

The property shall be sold to the highest and best bidder(s) and said purchaser shall be required to pay cash or the sum of ten percent (10%) of the bid price in cash deposit with the balance of the purchase price to be due and payable in cash or certified funds, within thirty (30) days from the date of sale. Parkview Country Inn selected as Top B&B for Best Restaurant in Kentucky

The Parkview Country Inn in Augusta, KY was selected as the Top B&B for **Best Restaurant** in Kentucky in the Annual 5-Star Service Awards by the Bed & Breakfast Association of Kentucky, 2012-2013. The Awards Program is based upon a qualitative and quantitative review of the nearly 50,000 independent B&B Guest reviews submitted to TripAdvisor.com and other leading Travel Review Sites.

Travel Reviews are the most important factor when choosing a B&B. In fact, according to a recent industry survey, 96% of consumers consider reviews to be somewhere between important and essential when selecting a place to stay, and 12% will not make a reservation at a property without them. We're delighted that innkeepers concur that The Parkview Country Inn is deserving of its accolades from travelers," explained Bed & Breakfast Association of Kentucky President, Todd Allen.

"Clearly, The Parkview Country Inn has earned stellar reviews from innkeepers for its quality accommodations, breakfasts, amenities, and wonderful hospitality and service," commented Allen. Parkview owners, Larry and Shirley Mohrfield and Restaurant owners and innkeepers, Phil and Jenny Rice were elated to have brought this honor to Augusta. It would not have happened without the loyal customers and inn guests that come back often and bring friends with them.

Here's an excerpt from one of our reviews: The feeling of many guests at The Parkview is that it is like going home for an overnight stay or for lunch or dinner.

Many of the dishes prepared daily are ones that you use to get at Grandma's house.

To celebrate the award announcement The Parkview Country Inn is planning an Open House all day on Saturday, May 5th. Stop in and visit, tour the rooms and enjoy Derby Day refreshments.

The Mohrfields purchased the Inn in September of 1999 and the Rices opened the restaurant in November of 2001. They have hosted many special events for families from this area and from all over the world - reunions, weddings, birthdays, and more. The Inn and Restaurant is open seven days a week with a full buffet and soup

and salad bar. The Parkview Inn Restaurant has become a favorite Saturday gathering place because of their live music every weekend by local talents. They also host special events monthly like the First Sunday Brunch and the Last Friday Night Seafood night with their delicious frog legs. Jenny also hosts a monthly Cooking Club on the third Tuesday of the month with members coming from Lexington, Cincinnati, Southern Ohio and several other Kentucky counties.

The Parkview Country Inn is located at 103 West Second Street, Augusta, KY. Visit their website at www.parkviewcountryinn.com or call them at 606-756-2667 or

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

606-735-9960

Howdy Folks! It was so nice to see several friends and neighbors at the Craft and Antique Expo at the King Burley Warehouse this past Saturday. With the chilly, rainy weather hanging around for most of the day, it was a good day to be indoors. There was so much to see at the expo, that you could have spent the entire two days there and not looked at everything that vendors had to offer. We did see a lot of 'reusing' of old products, as folks made planters, decorative items and conversation pieces out of everything from corn planters to fine china. We saw some bracelets made out of pop can pull tabs and then there were bracelets a little more elaborate made from old spoons. Even if one did not buy anything, there was plenty to look at and talk about. Of course, reusing items is right up our alley and we love to see folks using their creative skills to make something new out of something old or unwanted!

Our Bracken County Litter Patrol organizations have been assigned their roadways and if you haven't already, you will soon be seeing the bright orange bags and lime-green t-shirts of the workers busy picking up trash. It never fails to amaze us and lots of you also, the number of bags of trash that our workers collect each year. What would happen to our roadways if all the trash was left to accumulate? Besides being totally ugly,

there would be several other problems to deal with. With an overflow of trash, the ditches would be stopped up and drainage along most roads would become a major issue. If water did not flow and had to remain in the ditches, not only would mosquitoes become a huge problem, the stench from soured water because of the trash would make sitting out on your front porch, a little, if not, a lot, unpleasant!

Last year there were over 1,300 bags of trash removed from Bracken County roadways. Multiply that by ten or twenty years of accumulated trash, just in Bracken County alone, and we are talking mega mess! The message is, if you are a litterbug, stop! Over \$9 million Kentucky tax dollars are spent annually on cleaning Kentucky roadways and that is only hitting the high traffic areas. With every tax dollar more important than ever, our litterbugs need to realize the negative effect of their actions and change their ways! All government programs are feeling the crunch and the Division of Waste Management has hinted more than once that the Litter Abatement Program could be cut in any given year. We need to educate our young drivers and re-educate some existing drivers of the consequences of littering, including the monetary cost, not to mention the environmental cost! When Mother Earth is sick, society is the cause and the solution!

One good way to get rid of unwanted junk is to use one of the roll-offs either at the Germantown Park location or at the Animal Shelter on Hamilton Road. A new roll-off will be delivered to the Hamilton Road location today (Monday). If you have any questions or concerns, please call our Office of Solid Waste Management and leave a message. However you spend your week, always keep in mind that it is everyone's responsibility to care for the earth everyday! That responsibility is handled easily when you develop and exercise the good habits of RECYCLING, REUSING and REDUCING to keep God's earth clean, green and beautiful! Be seen' you – Bin & Bug.

Child Abuse Prevention Awareness Month observed at Augusta Ind. School

In honor of Child Abuse Prevention Month, the Augusta School Family Resource and Youth Services Center sponsored several activities to increase the awareness and prevention of child abuse. Pinwheels and silhouettes could be viewed on campus, as well as, the

illuminated sign board displaying the message of child abuse awareness month.

Ms. Anita's Preschool class, above, launched blue balloons along the bank of the Ohio River. The student's watched as their balloons floated out of sight. Bubble blowing, below left,

was enjoyed by Mrs. Ross' Kindergarten class as their way of saying 'Let's clean up Child Abuse'. Mrs. Blackaby's 1st grade class showed their talent with sidewalk chalk, below right. Students were asked to draw 'happy and fun family time' pictures. Mrs. Griffey's 2nd grade class

decorated scarecrows.

The Augusta FRYSC and Lisa Bex, Coordinator hopes that with each of these activities, child abuse awareness has gained more attention and recognition throughout the commonwealth as well as the world.

Kincaid Regional Theatre celebrates 30th Anniversary

Kincaid Regional Theatre has reached quite a milestone. Thirty years of providing first class professional live theatre productions for Greater Cincinnati and the north central region of Kentucky is simply remarkable. Kincaid Regional Theatre, located at 500 Chapel Street, Falmouth, Kentucky, has been very resilient during its thirty year history having to overcome a devastating flood, changes in leadership and a tough economic climate. Much hard work and determination on the part of our theatre supporters and our community has helped Kincaid to survive and even grow.

To celebrate their thirtieth year achievement, Kincaid Regional Theatre will be presenting "Fiddler on the Roof" as their summer professional production featuring their own "Bob Myers" as the poor Russian milk man, Teyve. Chuck Estridge, Bonita Pack, Russ McGee, Claire Minter, Jordan Egan, Megan Crouse, Shirley Merrill, Jacob Siedenberg, and Brett Price, all former Kincaid performers, will also be part of "Fiddler's" talented cast. With its delightful music and enthralling plot, "Fiddler on the Roof" is always an audience favorite, and Kincaid's board and staff are working diligently to make this an unforgettable theatrical experience for all.

"Fiddler" opens July 7 and runs through July 28, 2012. Old Washington, KY to host Garden Day on Saturday, May 12, 2012

Mary can be quite contrary about how her garden grows, but not members of Old Washington, Inc. (OWI) who are sponsoring a new event this year in the historic 1700s village of Washington, KY. Garden tours, artists, printmaking, plant and flower demonstrations, sales and even music and a “Tea” will highlight Garden Day on Saturday, May 12, 2012. All of the events are free and opened to the public. The Visitor’s Center and Museums will be open from 10 a.m. until 4 p.m. This is an all-volunteer program. The focus of this event is education while having a wonderful time celebrating the arrival of spring and Mother’s Day.

Local gardens will be open for tours from noon until 3:30 p.m. **Artist Ken Swinson’s garden** at the historic “Goforth House” at 1934 Old Main Street features iris and peonies. Elizabeth White-man Wood, wife of George Wood about 1786, brought the first peonies in Northern Kentucky here from Philadelphia. Ken will have a free print making activity for all ages using natural materials like leaves and flowers.

Next located at 2014 Old Main Street is the beautiful rose garden in front of **James and Claudia Moose’s** lovely brick home built in 1812. The trolley will be transporting visitors up and down Old Main Street.

The acre garden at **Phil and Debby Weber’s** house features a two-tiered fishpond, unique yellow magnolia tree and a wide variety of flowers such as columbine, buttercups, phlox, red-hot pokers and coneflowers. Their home at 2026 Old Main Street was built in 1815 by James Paxton as a wedding gift to his daughter.

On the other end of these row houses at 2028 Old Main Street behind **Paxton Inn** is a restored parterre garden, (an ornamental geometric arrangement of flower plots), similar to the Williamsburg, Virginia gardens. Four boxwoods surround the parterre plots with an antique sundial set in a historic grinding stone in the center. One plot is devoted to a culinary herb garden with an authentic Old Washington restored well. Behind an old wrought iron fence are two heirloom roses from the garden of Luellen Pyles’ grandmother and peonies, a favorite of the Marshall Key family. A shade garden beneath an old maple tree contains shade-loving plants: hostas, ferns, sweet woodruff, bee balm, ger-

mander and bleeding hearts. Beautiful tulips, donated by Jane Wise, were in bloom earlier in the season.

It is in this picturesque setting artist Barb Clarke will be located.

The **Pillsbury House** located at 505 South Court Street has flowering beds in front, hostas and flowers as well as flowering shrubs, and hollies along the side and back of the home built in 1812. The Angel Garden in the center of the back yard has just been completely renovated and knock-out roses added. There is a fountain on the back in front of the wrought iron fence. A huge magnolia tree beside the grape arbor is the focal point of the back yard. An electric antique birdbath, bird feeders, & sundial are found as you wander the winding rock and brick pathways around the yard.

Kenneth and Polly Haggard’s garden at 2229 Old Main Street has over 25 perennials, numerous annuals and a new lily bed. Their house, which was built by George Soward in 1847 had a “traveler’s room”.

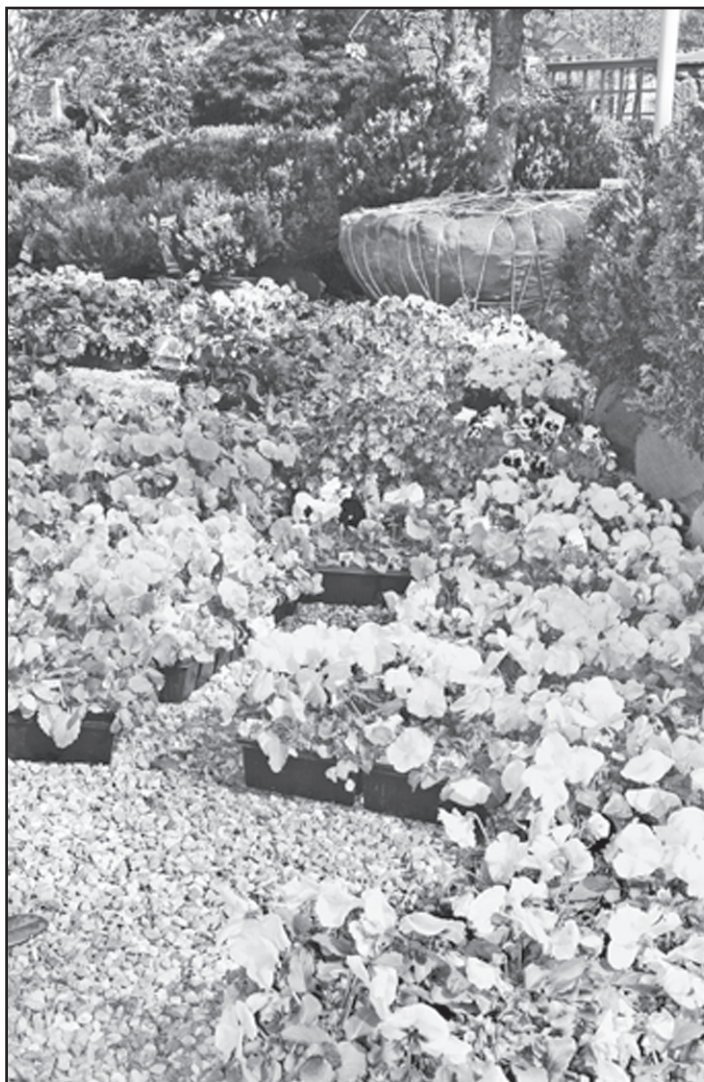

The **Bluegrass Artisan Center**, 2215 Old Main Street is located in the Cane Brake log cabin, which previously housed the Visitor’s Center. Its garden features cane, peonies, lily of the valley and lamb’s ear. Mike Cowden, director, has filled it with local and regional art exhibits, Megann Thomas’ sculpture, Sue Gorman’s paintings, and Jennifer Gleason’s Sunflower Sundries. Rob Weingartner will be demonstrating silver-smithing designing his unique jewelry.

“Growing Herbs” with Carrie Taylor, MCTC instructor, will be held in the Washington Meetinghouse from 10:00 until 11:00 a.m. Free and all who call 606-301-1832 to pre-register can take home a free plant.

Mason County Extension Agent & Master Gardeners will have presentations at the Washington Meetinghouse on flower arranging and dividing plants from noon until 2:00 p.m.

Visit the Albert S. Johnston House Museum at 507 South Court Street to register for a door prize. Permanent village shops, artists, local garden and other vendors will be set up along Old Main Street with displays and selling their wares. 2127 Old Main Street: Daylilies, MAGIC LILIES, Irises, Egyptian onions, Berries, Concord Grapes plants.

The Amish “Homestead Greenhouse” will be set up. 8 African Sulcata turtles, Green

Wing Macaw “Sampson”, Fancy small bred chicken pets will be out to “Visit” weather permitting as well as many unusual perennial plants for sale. Food and drinks will be available at Paxton Inn.

The Harriet Beecher Stowe Slavery to Freedom Museum at 2124 Old Main Street will hold their grand reopening event, “Tea at Key” from 3:30 until 5:00 p.m. Live music and refreshments!

When departing Washington be sure and visit beautiful **Bellside Garden** 3 miles west on 4158 Clarks Run Road. It has an English style garden with brick paths, many varieties of daylilies, Asiatic lilies, clematis, herbs, holly, iris, hydrangeas, a small fish pond, hay and hanging baskets and unique shade garden of hostas, ferns and container plants.

Mary’s contrariness aside, gardening has a positive impact on both mental and physical health by relieving stress and lowering blood pressure. Growing things also lends a sense of self-determination people may not get elsewhere in their lives. A garden of any kind is something you own.

Washington is 4 miles south of the banks of the Ohio River and Maysville on Old US 68, an easy 50 miles NE of Lexington, 50 miles W of Portsmouth, Ohio, 90 miles W of Huntington, 51 miles E of Cincinnati, (take Wilder

KEEP announces Grants available to local horse groups

The Kentucky Equine Education Project (KEEP) recently announced it again will provide funds for Kentucky Horse Organizations and Associations. KEEP created the local funding program as part of its grassroots efforts to help horse organizations around the state. The grants program includes four categories: 4-H and FFA clubs, horse shows and trail rides, equine breed and color-breed associations and educational activities. Each category has a funding limit and specific criteria applicants must meet to be considered. "We are honored to be able to again assist these organizations throughout the Commonwealth in their efforts," said Cara Stewart, KEEP's Field Director. "A portion of monies collected from our donations and membership dues have been set aside for our grassroots committee to use as seed money to help organizations grow their events and programs, and put new programs in place with the common goal of growing Kentucky's horse industry and the state's economy." For 2012, the KEEP Board of Directors approved Grassroots funding in the amount of \$20,000. The staff and board are hopeful that future funding will allow enhancement and expansion of KEEP's support for the many equine activities in Kentucky. Each year KEEP's Grassroots Committee, composed of 25+ individuals from various backgrounds of the horse industry, meets and reviews the current funding applications.

Misinformation May Stop Kentucky Storm Survivors From Registering With Fema

Some survivors of the severe storms and tornadoes that struck Kentucky Feb. 29 through March 3 may not have registered with the Federal Emergency Management Agency for assistance because of misconceptions or lack of accurate information.

With the deadline to register for federal assistance less than two weeks away on May 7, it's important that all survivors who suffered damage in the disaster register as soon as possible.

Here are some examples of misconceptions and misinformation.

I thought my income was too high for me to qualify.

There is no income test for FEMA assistance. Anyone with disaster damage or loss may be eligible for help.

My insurance agent told me I might not be able to get help from FEMA because I have insurance.

Everyone with insurance should register. FEMA may be able to help with uninsured costs.

I rent my home so I thought I wouldn't be eligible for FEMA assistance.

Anyone who suffered damage during the Kentucky storms and tornadoes of Feb. 29-March 3 should register with FEMA. Renters may qualify for assistance for losses suffered.

I thought assistance would affect my Social Security benefits, taxes, food stamps or Medicaid.

FEMA assistance does not affect benefits from other federal programs and it is not reportable as taxable income.

I registered with the voluntary agency that is helping in the community. I thought that registered me with FEMA, too.

In order to be considered for disaster assistance, you must register with FEMA by using the toll-free telephone number or online. The phone number is 800-621-3362 or log on to disasterassistance.com. Other information on registering is located later in this article.

I thought it was too late for me to apply since I already cleaned up and made the repairs.

You may be eligible for reimbursement of your clean up and repair expenses.

I thought FEMA only made loans. I don't want a loan.

FEMA makes grants to help survivors recover. These are not loans and do not have to be repaid.

I'm going to register just as soon as I can find the time to get all the paperwork done.

There is no paperwork to register with FEMA. You can do it with one phone call that takes about 30 minutes or go online and register which also doesn't take long to do. The deadline is May 7, so don't wait any longer to register.

I already received disaster assistance last year. I thought I couldn't get it again this year.

If you had damage from another federally declared disaster you may register for assistance because you had damage in this disaster.

Other people need the help more than I do.

FEMA has enough funding to assist all eligible survivors. You will not be taking from others if you register for aid yourself.

I didn't know there was assistance available.

FEMA tries to let everyone know about disaster assistance, but some people miss the message. Please be sure to tell your neighbors, co-workers and friends.

There are three ways to register with FEMA for help or information regarding disaster assistance: call **800-621-FEMA (3362)**. Help is available in many languages. Register online at www.DisasterAssistance.gov. Register using a tablet or Smartphone by visiting m.fema.gov.

Disaster applicants who use TTY should call **800-462-7585**. Those who use 711 or Video Relay Service should call **800-621-3362**. Lines are open 7 a.m. to 10 p.m. local time, every day.

Disaster recovery assistance is available without regard to race, color, religion, nationality, sex, age, disability, English proficiency or economic status. If you or someone you know has been discriminated against, call FEMA toll-free at 800-621-FEMA (3362). For TTY call 800-462-7585.

FEMA's housing assistance and Other Needs Assistance grants for medical,

dental, and funeral expenses do not require individuals to apply for an SBA loan. However, applicants who receive SBA loan applications should submit them to SBA to be considered for assistance that covers personal property, vehicle repair or replacement, and moving and storage expenses. Applicants who do not qualify for a SBA loan may be eligible to receive Other Needs Assistance grants for these items.

FEMA's mission is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards.

Disaster recovery assistance is available without regard to race, color, religion, nationality, sex, age, disability, English proficiency or economic status. If you or someone you know has been discriminated against, call FEMA toll-free at 800-621-FEMA (3362). For TTY call 800-462-7585.

FEMA's temporary housing assistance and grants for public transportation expenses, medical and dental expenses, and funeral and burial expenses do not require individuals to apply for an SBA loan. However, applicants who receive SBA loan applications must submit them to SBA loan officers to be eligible for assistance that covers personal property, vehicle repair or replacement, and moving and storage expenses.

Helicopter raises air units at Clopay Plastics Corporation in Augusta

Clopay Plastic Corporation in Augusta caused quite a stir on Wednesday, April 25th when a helicopter began to raise large air conditioner units from their Fourth Street parking area. Bystanders were in awe watching the units being lifted, turned around and then placed onto the roof of the plant. The whole process took just over an hour beginning at 9 a.m. and finishing just past 10 a.m. For safety, the plant was evacuated and the roof was reinforced prior to the air units placement. No further information was obtainable from Clopay as questions were met with a no comment response.

Hometown Cuisine That Rivals The Big City

By Eddie L. Groves

This past Sunday, Jeff Perkins, Garrett Groves, and myself motored to Cincinnati. While in the Queen City area, we decided to grab a bite to eat. Jeff and I have always heard how great the hamburgers are at ZIP'S Café, located at Mt. Lookout Square on the city's Eastside. Since 1926, this small eatery has won countless awards for the "Best Hamburger and Fries in The Cincinnati Area".

When we arrived the three of us were surprised at how small this café was, but I must say it was crowded with diners, and we grabbed the last few remaining seats available at the time. Zip's is a dim lit, drab looking establishment, with none of the glitz and glimmer of today's newer sports bars. It does have old time, white collar charm though, especially when you notice the Lionel Train making it's journey around the Café on tracks hanging near the ceiling.

We ordered our food, with each of us getting a ZIP's Cheeseburger and Fries with a water to drink. After about 20 minutes our food arrived and we dug into these award winning burgers with great expectations!! After the first few bites, Jeff, Garrett and I came to the conclusion that ZIP'S burgers are very good, BUT they're no better than the cheeseburgers we eat at the Corner Café in our hometown of Augusta, KY. And if you factor in the price, \$7.50 for ZIP'S burger and Fries compared to the Corner's price of \$3.25 for a hand pat-tied Cheeseburger Deluxe and Fries, makes the Corner Café even better!

So, if ZIP'S is the best Cincinnati has to offer then I'll stick to home. Those of us who live in the Bracken County area should feel lucky to have great LOCAL businesses who offer foods that equal or exceed that of the big city! Not only just the food at the Corner, but I have yet to find a better hot Ham Hoagie than a Baked Carota from Carota's Pizza! Yummy!

State Road Plan to send millions of dollars in projects to area

The Kentucky General Assembly has approved a two-year Road Plan that authorizes \$69.8 million in road projects for Mason, Fleming and Bracken counties through the summer of 2014.

The Road Plan includes \$12 million this fiscal year in state priority project funds to widen the AA Highway to four lanes from the new Maysville Bridge Road west to Ky. 10 at Fernleaf-Germantown Road, according to Rep. Mike Denham, D-Maysville.

The plan also authorizes:

- Approximately \$11.5 million to reconstruct and improve Ky. 1448 from Ky. 9 to U.S. 68;
- \$1 million to repair the Springdale Road to the Cabin Creek area and Carmeuse Lime;
- \$780,000 in fiscal year 2013 for design of a new access route from Ky. 11 north-east to the AA Highway, including a new interchange at Ky. 9;
- \$780,000 in fiscal year 2013 for design of a new access route from U.S. 68 near Old Washington east to Ky. 11, including a new interchange at Ky. 11.
- \$350,000 in fiscal year 2014 to replace the bridge on Flat Fork Road over Flat Fork about 0.24 miles south of Flemingsburg-Mayslick Road, and;
- \$435,000 over the next two years to replace the bridge on Dixon Pike over the Licking River 0.34 miles south of Thomas Lane.
- \$22 million in state priority funds in fiscal year 2014 and \$3.35 million this fiscal year to reconstruct Ky. 1159 from Brooksville to the AA Highway in Bracken County.
- \$2.4 million in fiscal year 2014 and \$1.17 million this fiscal year for spot improvements on Ky. 10 from Brooksville south to Powersville in Bracken County, among other projects.
- \$5.4 million this fiscal year for construction to extend the Flemingsburg Bypass to the Tollesboro-Mt. Carmel Road (Ky. 57) in Fleming County, and;

• \$4.75 million in state priority funds in fiscal year 2013 for reconstruction of Ky. 165 and Ky. 32 near the new Ewing School in Fleming County, among other projects.

“Every project in the proposed road plan for the three-county area is necessary and timely,” said Denham, who helped craft the proposal as a member of the House Appropriations and Revenue Committee.

Sens. Walter Blevins, D-Morehead, and Robin Webb, D-Grayson, who share representation of some roads in their respective districts with Denham, were thanked by Denham for their work to retain the road projects as the Road Plan moved through the Senate.

“Without the help of Sens. Blevins and Webb, these projects would not have been possible,” said Denham.

Both Senators commented on the projects today.

“These improvements to our infrastructure will have a positive impact for many years to come and are vital to the future economic development of the area. I am excited and delighted that we are moving forward with these projects,” said Sen. Blevins.

Sen. Webb said, “These improvements will go a long way toward improving our roads and will also greatly boost the economy. These investments in our roads are investments in the future of the Commonwealth.”

The Road Plan also includes funding to complete the upgrade of U.S. 68 from Maysville to Lexington, which has been a priority of this area for many years.

The Road Plan was passed by lawmakers during the 2012 Regular Session of the Kentucky General Assembly, which ended on April 12. Funding for the Road Plan was approved last week during a special session called by the governor for passage of a Transportation Cabinet operating budget and legislation to crack down on improper prescribing of pain medication in the Commonwealth.

Farm Safety Day held at Germantown Fairgrounds this past Saturday

Farm Safety Day was held on Saturday, April 28th at the Germantown Fairgrounds. Despite the cool wet weather, kids from Bracken, Mason, and Robertson counties had a great time learning about ATV safety, bullying safety, disability awareness safety, fire safety, hunting safety, kitchen safety, and police safety.

Shannon Smith with the Bracken County Extension Office and Donna Teegarden with the Bracken County Health Department can be seen at top right discussing kitchen safety with some the day’s attendees.

Kids can be seen enjoying their lunch below left.

And below right, Damian Smithers can be seen talking about ATV safety.

Farm Safety Day is a co-sponsored by the Bracken, Mason, and Robertson County Conservation Districts.

USDA INVITES MINORITY PRODUCERS TO JOIN USDA MINORITY FARM REGISTER

The U.S. Department of Agriculture’s (USDA) Farm Service Agency (FSA) invites minority farmers and ranchers across the nation to voluntarily join the USDA Minority Farm Register to receive information and opportunities from USDA agencies.

“The new Minority Farm Register is an outreach tool to reach underserved farmers and ranchers who are not currently enrolled in USDA loan, farm or

conservation programs,” said Chuck Whitehead, Maysville FSA County Executive Director. “The Register is a shared outreach list that will help USDA, community-based organizations and minority-serving educational institutions to communicate with minority farmers and ranchers.”

By joining the Register, minority producers may receive outreach materials, newsletters, and program announcements from USDA agencies. They may also receive information and assistance from other USDA-approved outreach partners, such as community-based organizations, faith-based organizations, and minority-serving educational institutions. USDA will

carefully control access to and use of the Register.

Individuals wishing to join the Register must sign and date a form that provides their name and address. Providing phone numbers, e-mail address, race, ethnicity, gender and farm or ranch location will be voluntary, although the additional information increases the producer’s opportunities for receiving timely assistance.

The Register pamphlet with the registration form is available at the Maysville FSA Service Center or from approved USDA outreach partners. Completed forms may be mailed to: USDA Minority Farm Register, USDA Stop Code 0503, 1400 Independence Avenue, SW, Washington DC 20250.

FSA and USDA’s Office of Advocacy and Outreach are jointly administering the Register. Registration forms are available in Spanish (AD-2035SP) and English (AD-2035) on the FSA web site (www.fsa.usda.gov) under “Forms”.

An individual may remove his or her name from the Register by writing to the Minority Farm Register, USDA Stop Code 0503, 1400 Independence Avenue, SW, Washington, DC 20250.

For more information, please contact the Farm Service Agency, STOP 0503, 1400 Independence Avenue, SW, Washington, DC 20250-0503 (Call 1-866-538-2610; Fax: 1-866-302-1760; E-mail: MSDA@USDA.gov).

**Walmart now added
to email Scam Alerts**

The Bracken County Sheriff's Office has received complaints within the last week in regards to an email Walmart Scam. With this scam the recipient will receive an email stating that they have won a \$1,000.00 gift card. The email will then ask the recipient to click on the link to claim their gift card. Whatever you do, do not click on the link as this is a scam and by clicking the link you will open your computer up to be hacked and information obtained off of it. The recipient of this scam contacted Walmart and they verified that this is a scam that is going around and that they are not offering \$1,000.00 gift cards.

Again anytime someone offers to give you something for nothing, be very CAUTIOUS, there are so many variations of scams and the scammers are always trying to find new ways to take advantage of their victims.

Should you ever have any questions about something that you have received in the mail do not hesitate to contact Sheriff Niemeier at 859-912-2524.

Sports in Kentucky by Bob Watkins

Run for the Roses to Brennaman rage, America, I love this place!

Derby Week.
In name Kentucky's first Saturday in May is international. Run For the Roses.
Kentucky Derby history is stirred to life in a rush of Bluegrass springtime. A pageant come to us in shades of green, golden rod yellows, white, black and stone fences and roses of course. Among the fixtures? Juleps, who's who celebrities and women prancing about in immodest hats.
Parties pop up like mushrooms, the biggest, loudest, longest socials possible, all arranged around a six o'clock call to the post at Churchill Downs.
Oh yes, the horses. The race features a gang of 3-year-olds who are, uh, one-and-doners.
Who will win, wear the 554-rose blanket? Nobody has a clue, including pundits, handicappers,

writers, broadcasters or ladies in fancy hats.
Thing is, the \$2 million prize winner and stud fee profiteers aside, who cares?
America, I love this place!
In some order, my list says Gemologist, Creative Cause and Alpha. But my favorites are Union Rags and Hansen.
Jockeys up!

BOOs FOR CAL?

From the Lemme see if I have this straight department – John Calipari showed up at Great American Ball Park in Cincinnati to throw out the first pitch at a Tuesday night Reds game, fans boo-ed, and Reds radio voice Marty Brennaman raged. His target: Big Blue Nation.
Big Blue fans should have been at the park in greater numbers, Brennaman scolded, show Calipari love and support.
Love it when Marty sounds off? I do.
Why boos for Cal? The Queen City is after all, Cincinnati Bearcats and Xavier Musketeer country. But, a more intriguing reason could be linked to a Cincinnati Enquirer column days prior to Cal's visit. When the Reds announced Calipari's coming visit, radio call-in shows lit up. Fans raged against UK's coach and Big Blue fans.
Under a headline 'Why UK fans are despised,' John Popovich wrote, "I am truly baffled by the distaste that some in Greater Cincinnati have for UK basketball and more specifically, its loud, proud and often arrogant fans.
"What the hell am I missing," he continued. "Have we become so uncivil, so intolerant, so misguided that we can't appreciate what a school or a team has achieved."
Answer is yes, with a semi in front.

• Only because Kentucky is national champion, is Duke being spared the annual venom reserved for elite programs.
•Popovich's characterization of UK fans as loud, proud and often arrogant, is not proportional of course. Only a slice of winning-is-everything Wildcat fans make the loudest and longest noise.
• Boos for Calipari? His one-and-done model is why.
While Cal apologists in Big Blue Nation defend their coach, the coach himself condemns the NBA rule for 19-year-olds. However, Cal is not bound by the spirit of the rule and sounds of winning drown out any moral dilemma. The boos come as Calipari exploits 18-year-olds as mercenaries for their so-called gap year before jumping to professional basketball.

TYNDALL LIPS MOVED

Latest ball coach to move his lips Donnie Tyndall formerly at Morehead State. Last Monday morning Tyndall was introduced as coach at Southern Mississippi, replacing Larry Eustachy who cashed his \$385,000-a-year contract in Hattiesburg for another job. Whoosh!
Last spring Tyndall signed a contract renewal with Morehead, four years, \$230,000 each. Pretty fair security, 230 grand in Morehead, Kentucky, right? Wrong.
What makes Tyndall's job jump interesting is six seasons ago he begged school officials for "a chance" to coach at his alma mater. The arrival and development of Kenneth Faried gave Tyndall pulpit to become a quote machine and media darling. A signature win over Louisville in the NCAA Tournament, high NBA draft spot for Faried, added just the right glitter to his resume'.
Tyndall's move to greener pasture is the American way. Go with God. Yet, if a ball coach cannot honor a six-figure contract for multiple years then he should sign for one and include coach/school mutual

option to renew or not.

If Southern Mississippi's new coach came recruiting, your son should ask these questions: "Coach, if I sign, will you be there for me? Can I count on your commitment to me? Didn't you just break a commitment to Morehead State?" Then lean back on the sofa and watch carefully. See how the ball coach moves his lips.

DERRICK ROSE

Clutching his left knee and grimacing in pain, Derrick Rose's season with the Chicago Bulls ended last week. Torn anterior cruciate ligament. With modern medical techniques and the Bulls paying for Rose's knee repair and rehabilitation, he should be ready for next season.
But what if Rose is not able to be the player he was before last week? Presumably, he has cash in the bank. But what future for Rose, a Calipari one-and-doner at Memphis, if he is unable to play ball again?
Suddenly, Derrick Rose would be a 23-year-old high school graduate whose only documented skill is bouncing a ball.

**DEPARTMENT OF HOMELAND SECURITY
FEDERAL EMERGENCY
MANAGEMENT AGENCY
Proposed Flood Hazard Determinations for
Bracken County, Kentucky and
Incorporated Areas**

The Department of Homeland Security’s Federal Emergency Management Agency has issued a preliminary Flood Insurance Rate Map (FIRM), and where applicable, Flood Insurance Study (FIS) report, reflecting proposed flood hazard determinations within Bracken County, Kentucky and Incorporated Areas. These flood hazard determinations may include the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area boundaries or zone designations, or the regulatory floodway. Technical information or comments are solicited on the proposed flood hazard determinations shown on the preliminary FIS report and/or FIRM for Bracken County, Kentucky and Incorporated Areas. These flood hazard determinations are the basis for the floodplain management measures that your community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program. However, before these determinations are effective for floodplain management purposes, you will be provided an opportunity to appeal the proposed information. For information on the statutory 90 day period provided for appeals, as well as a complete listing of the communities affected and the locations where copies of the FIRM are available for review, please visit FEMA’s website at <http://www.fema.gov/plan/prevent/fhm/bfe>, or call the FEMA Map Information eXchange (FMIX) toll free at 1-877-FEMA MAP (1-877-336-2627).

**INSPECTION PERIOD
FOR THE PROPERTY TAX
ASSESSMENT ROLL**

The Bracken County real property tax roll will be opened for inspection from May 7, 2012 through May 21, 2012. Under the supervision of the property valuation administrator or one of the deputies, any person may inspect the tax roll.

This is the January 1, 2012, assessment on which state, county and school taxes for 2012 will be due about October 1, 2012.

The tax roll is in the office of the property valuation administrator in the county courthouse and may be inspected between the hours 8-4 Monday, Tuesday, Thursday and Friday and 8-12 on Wednesday and Saturday.

Any taxpayer desiring to appeal an assessment on real property made by the PVA must first request a conference with the PVA or a designated deputy. The conference may be held prior to or during the inspection period.

Any taxpayer still aggrieved by an assessment on real property, after the conference with the PVA or designated deputy, may appeal to the county board of assessment appeals.

The taxpayer can appeal his or her assessment by filing in person or sending a letter or other written petition stating the reasons for appeal, identifying the property and stating the taxpayer’s opinion of the fair cash value of the property.

The appeal must be filed with the county clerk’s office no later than one work day following the conclusion of the inspection period.

Any taxpayer failing to appeal to the county board of assessment appeals, or failing to appear before the board, either in person or by designated representative, will not be eligible to appeal directly to the Kentucky Board of Tax Appeals.

Appeals of personal property assessments shall not be made to the county board of assessment appeals. Personal property taxpayers shall be served notice under the provisions of KRS 132.450(4) and shall have the protest and appeal rights granted under the provisions of KRS 131.110.

2. He or she must file a written protest directly with the Department of Revenue, Office of Property Valuation within 30 days from the date of the notice of assessment.
3. This protest must be in accordance with KRS 131.110.

Child Find for Children with Disabilities in Need of
Special Education or 504 Services

4/12/2012

Child Find

The Augusta Independent School District keeps educational records in a secure location in each school and Board office.

The Augusta Independent School District obtains written consent from a parent or eligible student (age 18 or who is attending a postsecondary institution), before disclosing personally identifiable information to an entity or individual not authorized to receive it under FERPA.

For students who have been determined eligible for Special Education, educational records will be destroyed at the request of the parents when they are no longer needed to provide educational programs or services. The Augusta Independent School District may destroy the educational records of a child without parent request seven years after they are no longer needed to provide educational programs or services. Parents are advised that data contained in the records may later be needed for Social Security benefits or other purposes. The Augusta Independent School District may retain, for an indefinite period of time, a record of the student's name, address, telephone number, grades, attendance records, classes attended, grade level completed, and year completed.

Children eligible for Special Education include those children with disabilities who have autism, deaf-blindness, developmental delay, emotional-behavior disability, hearing impairment, mental disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, or visual impairment and who because of such an impairment need Special Education services.

Children eligible for 504 services include those children in a public elementary and secondary education program who have a current physical or mental impairment that currently substantially limits some major life activity which causes the student's ability to access the school environment or school activities to be substantially limited.

Children eligible for the State-Funded Preschool program include three- and four-year-old children identified with disabilities and four-year-old children who are at-risk, as defined by federal poverty levels up to 150%. Preschool children eligible for special education must have an Individual Education Plan (IEP) instead of a 504 plan to receive State-Funded Preschool program services.

The Augusta Independent School District has an ongoing "Child Find" system, which is designed to locate, identify and evaluate any child residing in a home, facility, or residence within its geographical boundaries, age three (3) to twenty-one (21) years, who may have a disability and be in need of Special Education or 504 services. This includes children who are not in school; those who are in public, private, or home school; those who are highly mobile such as children who are migrant or homeless; and those who are advancing from grade to grade, who may need but are not receiving Special Education or 504 services.

The district's "Child Find" system includes children with disabilities attending private or home schools within the school district boundaries who may need special education services.

The Augusta Independent School District will make sure any child enrolled in its district who qualifies for Special Education or 504 services, regardless of how severe the disability, is provided appropriate Special Education or 504 services at no cost to the parents of the child.

Parents, relatives, public and private agency employees, and concerned citizens are urged to help the Augusta Independent School District find any child who may have a disability and need Special Education or 504 services. The District needs to know the name and age, or date of birth of the child; the name, address, and phone number(s) of the parents or guardian; the possible disability; and other information to determine if Special Education or 504 services are needed.

Letters and phone calls are some of the ways the Augusta Independent School District collects the information needed. The information the school district collects will be used to contact the parents of the child and find out if the child needs to be evaluated or referred for Special Education or 504 services.

If you know of a child who lives within the boundaries of the Augusta Independent School District, who may have a disability, and may need but is not receiving Special Education or 504 services, please call 606-756-2105 or send the information to:

Director of Special Education

If you know of a child who attends a private or home school within the boundaries of the Augusta Independent School District, who may have a disability, and may need but is not receiving Special Education services, please call 606-756-2105 or send the information to:

"Child Find" activities will continue throughout the school year. As part of these efforts the Augusta Independent School District will use screening information, student records, and basic assessment information it collects on all children in the District to help locate those children who have a disability and need Special Education or 504 services. Any information the District collects through "Child Find" is maintained confidentially.

Written Policies and Procedures have been developed which describe the District's requirements regarding the confidentiality of personally identifiable information and "Child Find" activities. There are copies in the Principal's office of each school, and in the Board of Education office. Copies of these Policies and Procedures may be obtained by contacting:

The District office is open Monday through Friday, from 8:00 a.m. to 4:00 p.m.

The Augusta Independent School District provides a public notice in the native language or other mode of communication of the various populations in the geographical boundaries of the District to the extent feasible.

If you know of someone who may need this notice translated to another language, given orally, or delivered in some other manner or mode of communication, please contact the Director of Pupil Personnel, the Director of Special Education or the Section 504 Coordinator at the address or phone number listed above for the Augusta Independent Schools.

Forget the dress . . . it's all about the RIDE when going to the Augusta High School Prom

Pictured above left, Molly Cooper and Kyle Wilson, and above right, Kelsey Hinson, Cody Collins, Wesley Phillips, and Brittany Wachter.

The Augusta High School Prom, held this past Saturday, April 28, is always a red carpet event for the students. And while it may be all about the dress for girls, it is definately all about the ride for the guys. As evidenced by the many creative and unique ways students arrive at the prom.

Pictured above Becca Weiss and Clay Krebs. They were chauffeured by Becca's brother in a chariot fitting a King and Queen.

Rhett Kelsch and Alicia Appelman arrived on a John Deere sprayer driven by Alicia's Uncle Donnie Appelman.
